

ISO 14001 Certification

Control the environmental impact of your activities !

Certification of your environmental management system according to ISO 14001 allows you to provide proof of your environmental involvement on an international scale.

The benefits

- Identification of the environmental aspects of your activities, products and services
- Disturbance reduction
- Compliance with regulatory requirements
- Transparent communication with regards to the personnel, local residents, customers, ecological associations, elected officials, insurers...
- Enhancing your image
- Opening up to new markets

The procedures

ISO 14001 certification is a voluntary approach. To apply for certification in the best conditions, it is desirable :

- that your environmental management system has been operational for 6 months
- that it has undergone an internal audit at least once
- that a management review has been conducted.

It is intended for bodies of all types and sizes, regardless of the geographical, cultural and social conditions.

Validity of the Certificate

3 years, with annual follow-up audit.

Combined certifications

Standard ISO 14001 on environmental management systems can be used independently or integrated into any other management system.

ISO 14001 certification can be combined with other certifications (ISO 9001, OHSAS 18001, ISO 50001) and the audits can be coordinated.

The certification process

1	Certification Request
2	Planning
3	Initial audit
4	Certification decision
5	Issuing of the Certificate
6	Annual follow-up audit

Apave Certification

Apave Certification, a subsidiary of Apave Group, offers certification services for management systems (ISO 18788, ISO 9001, ISO 14001, ISO 45001...), products and services, skills, as well as labels and evaluations. It relies on a network of qualified internal and external auditors, spread over the French territory and abroad, and works in the voluntary framework as well as in the regulatory framework. Recognised and independent body (third party), Apave Certification provides written assurance that organisations, processes, products, services or skills of persons are compliant with the requirements specified in the standards (standard, regulation, specification technique, etc.).
