The brand of voluntary certification

Why display the C by Apave mark on your products or services?

- **To demonstrate to your customers** your willingness to maintain a high level and controlled requirements.
- **To distinguish yourself from your competitors** by displaying a sign of quality.
- **To communicate about the results** of the assessments realized by Apave.
- **To obtain a certificate** in order to access different target markets.
- **To benefit from the recognition** of the Apave group.

Apave Certification

Apave Certification provides the certification of persons, management systems, products and services, as well as services of assessment and labeling. Apave Certification relies on a network of laboratories, qualified internal and external auditors and examiners, spread over the world.
